

As the new school volleyball season starts, Reef is excited to see all of our athletes shine on the court. Reef Volleyball Club will continue to help our members not only get more playing time, but also become impact players. Reef Volleyball Club is going into its 17th season as a club, making us the longest tenured club in the area! We treat people fairly and provide a quality environment to learn. We will be fielding multiple teams from 12's through 18's. Now is the time to think about your volleyball skills and how you can get to the next level.

Don't miss the first tryout-spots are limited and fill quickly!

Makeup tryouts may be canceled if all spots are filled!

2017-2018 Tryout Information

Reef Volleyball Club Info

Reef VBC primary practice location is a beautiful 3-court gym at Sequoia Middle School in Newbury Park. Agoura High School will be used as a practice location for teams based out of the West Valley.

Teams will have 2 - 3 practices per week, Core/Jump training, and monthly Skills Clinics included in your club dues! You will have a consistent practice location and practice times throughout the club season.

Reef sends our top teams to either the AAU Championships in Orlando Florida or the J.O. Championships at the end of the year. This gives our athletes the ability to play in the largest youth tournaments and be seen by the most college coaches possible.

Reef has many levels of participation, ranging from beginner to advanced (ages 12-18). We pride ourselves in meeting the varying needs of our athletes.

Jr. Spiker & Redshirt Program available to families that are looking for club-level training at a reduced cost!

Multiple local High School head coaches, to help ensure your athlete develops the specific skills needed.

Reef will provide the option to be part of a proven college recruiting program called "College Fit Finder" for our 16's/17's/18's teams.

There is a reason Reef VBC has been in the community for almost two decades, providing Ventura County with top-notch training. Please ask some of the Reef families about their personal experience, so you can make an informed decision.

When comparing costs of clubs, beware the bait and switch! Ask if the stated price includes Uniform, Travel Tournaments, Travel Expenses (Hotel & Transportation for athletes), and if there are any additional Mandatory Costs not included! We stand behind what we offer and give you the info upfront!

Come play for Reef Volleyball Club, where you can be highly competitive and still have fun!
